EDUCATION

PRoA La Falda

**Software Development.
Emphasis on Information and
Communications Technology**

- Secondary education, 2020 - 2025

★ WORK EXPERIENCE

I developed the La Falda Hospital website, optimized for mobile devices and focused on appointment management. I've also launched disruptive projects: a tectonic plate simulator, a basic operating system, and an AI voice cloner. I'm always looking for new challenges to drive technological innovation.

★ TOOLS

Languages: Python, JavaScript, TypeScript
Frameworks and Libraries: React, Angular, Bootstrap

Databases: MySQL, MongoDB

Version Control: Git, GitHub

★ ABOUT

Python, JavaScript, and HTML/CSS developer, focused on innovation and adding value to real-world projects. I'm involved with a company called Magician Tech.
